Our school strategies are showing substantial progress toward our targets

After reviewing our *Great Results Guarantee* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:

- Increase teachers' repertoire of effective strategies for teaching English and Numeracy concepts in all Key Learning Areas
- Identify students who are operating below the NMS in NAPLAN or a C standard and develop individual learning improvement plans incorporating differentiation, skill development and review processes.
- Develop teacher capability with data analysis (class and school level). Analysis of data for student development
- Embed a culture of collegial coaching and providing meaningful feedback to both staff and students to support academic growth.
